To Whom It May Concern

Re: Vista Railing Systems Inc.
VISTA Cable Railing System

Dear Madam/Sir:

VISTA Cable Railing System has been reviewed and evaluated and determined to be in compliance with the following requirements:

- 2015 International Building Code
 - Section 1014 Handrails
 - Section 1015 Guards
 - Section 1607.8.1 Handrails and Guards
- 2015 International Residential Code
 - Section R301.5 Live Loads
 - Section R312 Guards & Window Fall Protection

Furthermore, all fastener connections represented on the VISTA Cable Railing System sealed drawings, dated May 7, 2017, are in compliance with the aforementioned building code load requirements. For additional details for acceptable guardrail mounting configurations and layouts, refer to the 8th edition of the ProBuilt and VISTA Design Manuals.

The seals applied are current for the details and tables assembled for the codes indicated above. Annual resealing of these documents is not necessary.

Contact us with any further questions concerning this.

Yours truly,
LANG STRUCTURAL ENGINEERING INC.

Bill Louwerse, P.Eng., Struct.Eng., PE
