

Since 1974, Vista Railing Systems Inc., has been a market leader in premium exterior railing systems. At Vista, we believe our railings create amazing spaces that inspire people to connect. Whether it is a backyard get together with friends, just the two of you sipping a fresh cup of coffee on an early morning or a birthday party for your children, our railings create the perfect space. Through design-forward thinking that embraces simplicity, our stylish railings can be enjoyed with every home. VISTA™ designs, engineers, tests and manufactures premium quality railings in aluminum, glass, cable, and mixed materials... all through the lens of style and simplicity.

# Aluminum Railings Features and Benefits

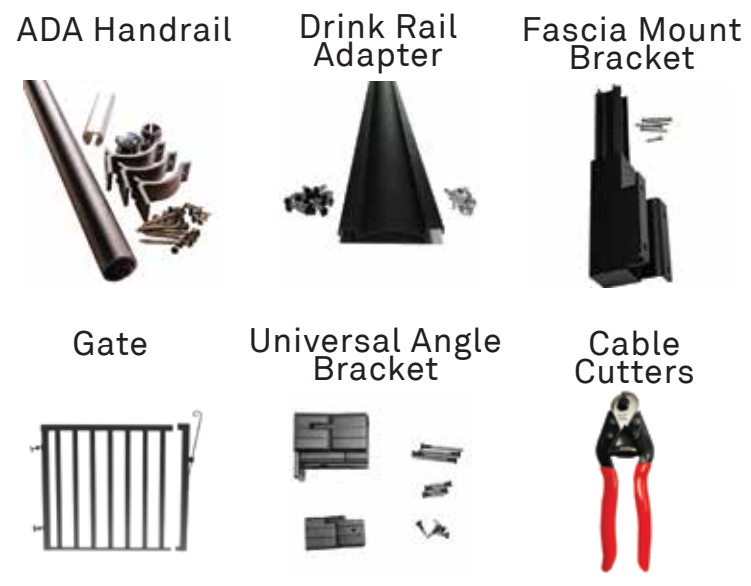

- I: Over the Post Design** – Clean, contemporary appearance.
- II: Picture Frame** – Build frame the same way and then choose your picture (infill).
- III: Stair Railing** – Easy installation. No bulky brackets to attach. Meets the graspable (rail size) and continuous requirements (mid stair post) for ADA, so no secondary handrail system is needed. This saves time, money, space and looks cleaner.
- IV: Fully Assembled Post** – Brackets already attached means reduced installation time.

style & simplicity

ALUMINUM RAILING SYSTEMS
