

STAIR HOLE COVER INSTALLATION INSTRUCTIONS

READ ALL INSTRUCTIONS COMPLETELY BEFORE STARTING INSTALLATION:

It is the responsibility of the installer to meet all code and safety requirements, and to obtain all required building permits. The railing installer should determine and implement appropriate installation techniques for each installation situation. VISTA Railing Systems Inc, its distributors and dealers shall not be held liable for improper or unsafe installations. VISTA Railing Systems posts must always be secured to the sub structure and should never be attached to only the surface material (ie deck board). Failure to follow all of these instructions could result in serious injury or death.

Note: Install stair hole covers before installing infill

1. Peel off the release film backing from the stair hole cover.
2. Ensure placement area is clear of dust or debris.
3. Place and snap stair hole cover tightly against the under side of the top rail at the upper pre-routed hole in the stair post and/or stair bracket. Press and hold thoroughly to secure the adhesive.
4. Lastly, secure the stair picket spacer to the top rail.
