

## ALUMINUM FRAMELESS GLASS RAILING SYSTEM

-  **Simplicity**  
Integrated channels built into post allows glass to slide down into place.
-  **Ease of Installation**  
Set posts, slide glass into post channels and press caps into place.
-  **Uninterrupted View**  
No top or bottom rails means an unobstructed view from your deck.
-  **Flexibility & Versatility**  
Post design allows for a wider range of horizontal angles.
-  **Safety Assured**  
Tested in accordance with national building codes.

### Installation Recommendations:

The posts and glass **must be** ordered separately for the frameless system.

Ensure all posts are plumb and level.

Maintain a maximum of 4 ft (from centre to centre of posts).

Measure distance between posts and add 1 3/8" to total measurements.

(Ex.: If inside post to inside post measurement equals 45"...45"+1 3/8"=46 3/8", you will need to order 46 3/8" glass). 3/8" glass is 40" high with horizontal polished edges for 42" system.

**Note:** Contact your local building department prior to installation.

### Available Colours:

Textured Black  
(XB)

Textured Grey  
(TG)

Textured Bronze  
(YB)

Gloss White
